PLEA TO MY HEAVENLY MOTHER!

(Adapted from the writings of Luisa Piccarreta!)

O, my Most Holy, Most Pure, Most Beautiful Divine Mother, even though you are Queen of the entire Kingdom of God's Holy Will, still you are ever my Mother! I have such a need for you as Mother, and trembling, I cast myself into your arms so that you may heal me of the wounds which my will has made to my soul.

Hear me, my Sovereign Mother, if you don't take command to guide me and rule over all my acts to ensure that they never have a life of their own, I will not have the immense grace of coming into the Kingdom of the Divine Will for the love, honor, and glory of God and for His Kingdom to Come in me, and for His Will to be done on earth as it is done in Heaven! Amen.
